A little over year, I started with 10 K when I came in to this company. I now have over 35 K and growing since then.

Social Media

Current work

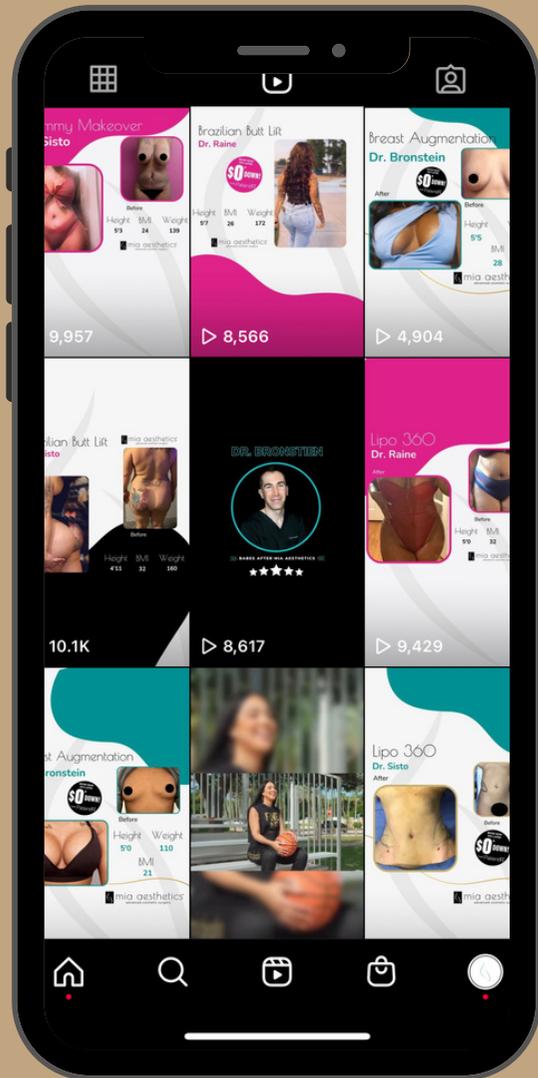

I managed this Instagram and I make a social calendar every week and monthly.

Community Manager - I do connect with the followers, comment back, answer questions, and do live videos.

I also do influencer marketing. To reach out current and past clients that are Influencers. To have them do campaigns and other forms of working with us as they got there bodies done with us previously.

Social Media

Current work

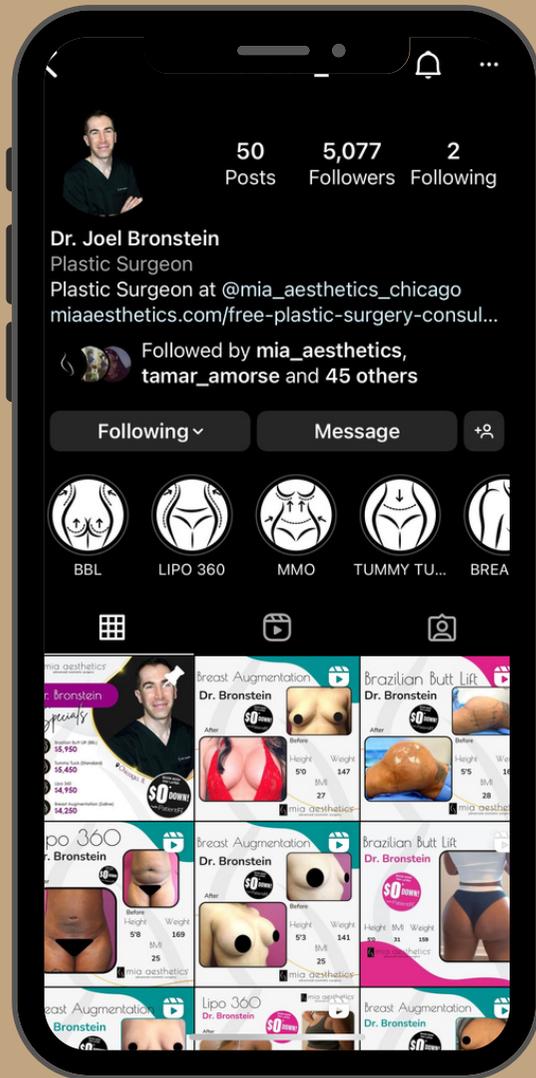

As there is 9 offices for this company, I only control Chicago accounts.

I edited videos, write content, directed videos, photographer, and many more things.

Each of these posts I definitely do take the time but efficiently to make sure the timing and the engagement are all perfect.

Current work

I recently took over this account to manage it and create content and engage with followers

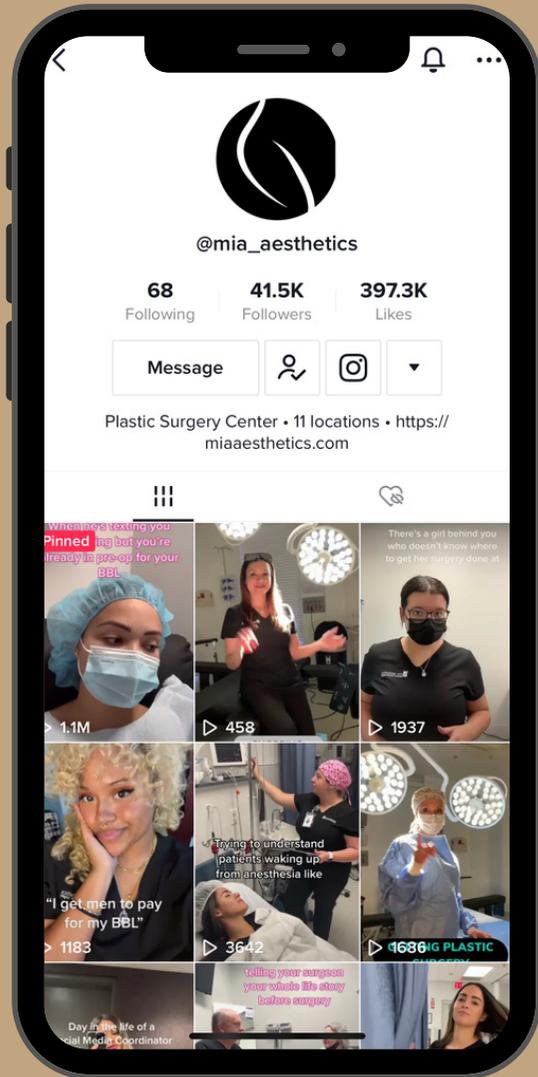

I started with this account at 2 K and after 2 months of having it and make sure there's variety different content by that's means different procedures. The followers like to see more work then just the same thing.

I post every week for 2-4 post a week.

Current work

As this is a big company, each office is involved in doing TikTok.

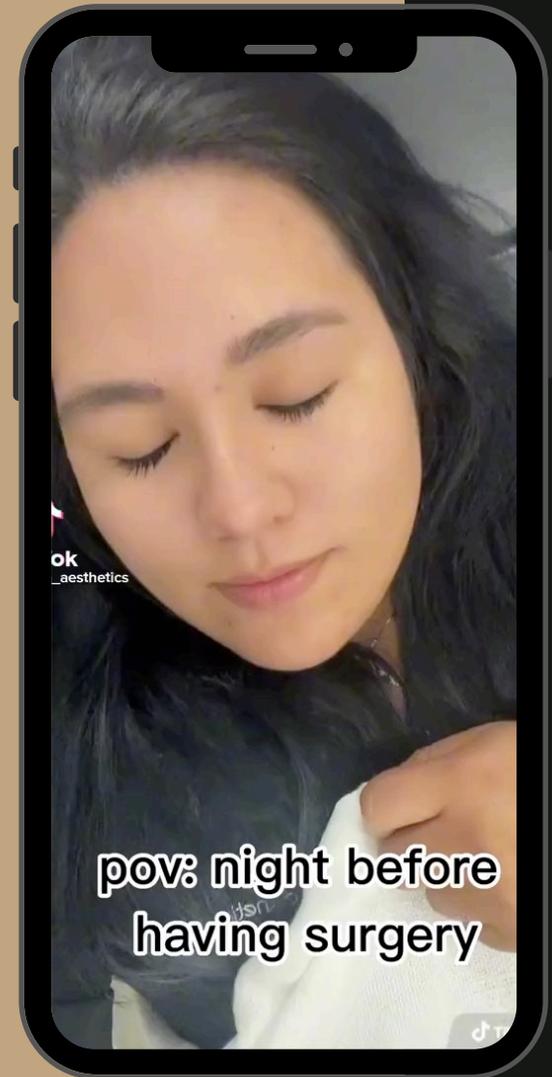

We started TikTok in 2020 as a company. It was at 14k when I began doing TikTok. I started in Oct 2021.

As of right now, we are at 41.5k and growing everyday
